Louisville High School

Woodland Hills, California

A time of quietude
brings things into proportion
and gives us strength.
We all need to take time
from the busyness of living,
even if it be only ten minutes
to watch the sun go down
or the city lights
blossom against a canyoned sky.
We need time to dream,
time to remember,
and time to reach toward the infinite
Time to be.

FACULTY

Dear Students,

On September 12th, 1971, Louisville High School will celebrate its tenth birthday. Anniversaries are times of special planning and reviewing, and so it is fitting that this year of 1971 should be, for us at Louisville, a year of self-evaluation and self-appraisal.

During the course of this year, the school's total educational program will be studied and upgraded by faculty, students, and alumnae, in collaboration with the Secondary Accrediting Commission of the Western Association of Schools and Colleges.

Louisville shares our society's current concern for a better quality of life and a better quality of environment. The best contribution any school can make toward solving problems in these areas, is to renew and preserve its commitment ot a better quality of education.

Let us look to the future, then, as we review the past, and let us resolve anew to continue to work together to shape our school and our communities into places where people can creatively and effectively live and participate socially, economically, politically, culturally and religiously, to full potential limits.

Such are the challenges and the opportunities that are yours. My prayer is that you may meet them with faith and hope and love.

Devotedly,

The California Scholarship Federation is a club of limited membership; only students with a 3.5 grade point average, or better, are eligible to join. Its purpose is to foster standards of scholarship, service, and citizenship on the part of the students of LVHS. This is done through club activities, including the student-to-student tutoring program and the annual Knowledge Bowl. Our new moderator is Miss Perry.

NHS

The National Honor Society is a group of about twenty seniors who are chosen for their high academic standing, good citizenship, and character. They try to foster a lively spirit of creative learning in their classes as well as in a wide range of extra-curricular activities. The new juniors, who are initiated during the second semester, will carry on the N.H.S. tradition of awareness and involvement.

The Art Club, moderated by Mrs. Dale, has had a very successful year. The two-fold purpose of the club is to instill an appreciation of different varieties of art and to educate the student body by exposure to these different kinds. To further the second purpose, a photography contest was held which was open to everyone in the school. During the Christmas season a Homeroom Decorating Contest was held. Along with the art classes the club had a paint-in at the beach and went to the Getty Museum. Club members helped make decorations for the Friendship Brunch and the Mother-Daughter Fashion Show.

Drama

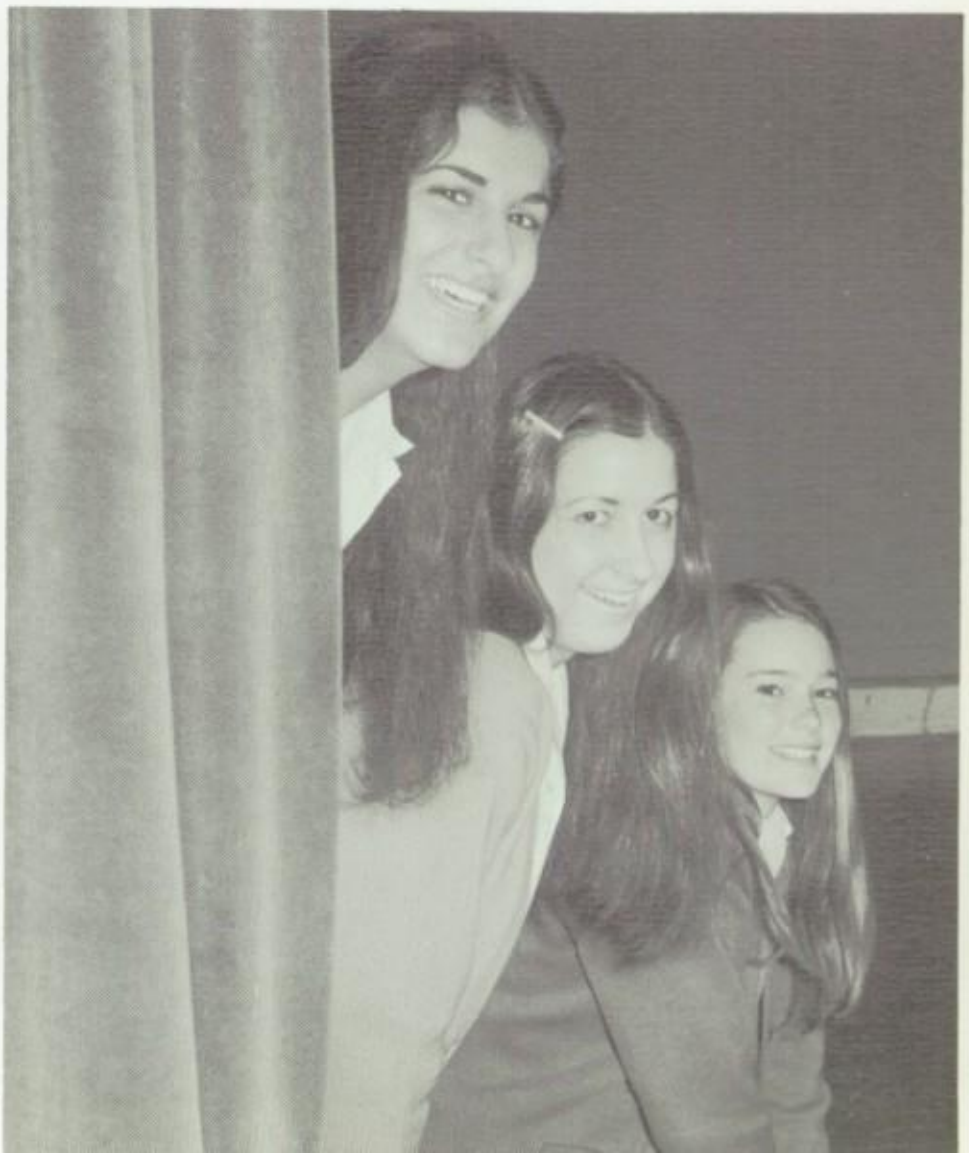
This year Drama Club has tried very hard to involve more people in the appreciation of the theatre.

"Drama Workshop," a new idea, was quite successful. The workshop included memorized scenes which are directed and performed by the students.

Other activities included sponsoring an annual assembly featuring Miss Hickey performing "The Late George Apley," and attending the productions of other plays.

The school production of "Brigadoon" was a great success; as was the second semester production, "The Crucible".

Leslie Orfalea- President, Tori Atencio-Secretary, Sue Dirstine- Treasurer



The purpose of the Library Club is to promote interest in books and library work. The members of the club accomplish this by aiding Sister Angela and Mrs. Papanek. Some of this year's activities include a variation of the Annual Hootenanny and a tour of the Mattel Toy Company.

DANCE CLUB

The purpose of this club is to instill in its members an interest and appreciation of dance as an art and as a mode of expression.

The Dance Club has been in existence for two years; is continuously becoming involved in school activities. The dancers are preparing for the FESTIVAL OF THE ARTS and an assembly for the student body. Many of the members were dancers under the direction of Mrs. Trent, our moderator, in the school production of BRIGADOON.

The problems of learning an entirely new method of producing a newspaper were light once we saw our work in black and white, or in green and red as in the special Christmas insert. The new equipment, worth over $600.00, enabled us to share the excitement of gluing down the first article, the joy of typing the last line, and the relief as we took the final pages to our printer, Mr. Craig.

We have only just begun. . . The UNICORN.

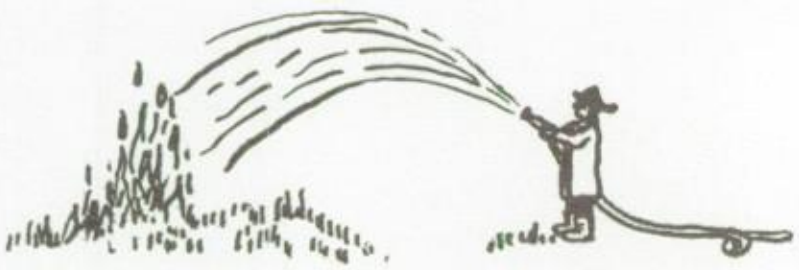
Fire!



This fire was very small in comparison to the destructive Malibu-Chatsworth fire of the previous weekend, September 25 - 28. It still caused anxious moments at Louisville, however, as it moved down the nearby hill directly across the street from the school. Fortunately, fire trucks were on the scene almost immediately and had it under control within a few minutes.

Your friend is your needs answered. He is your field which you sow with love and reap with thanksgiving. For you come to him with your hunger, and you seek him for peace. When your friend speaks his mind you fear not the "nay" in your own mind, nor do you withhold the "ay".

And when he is silent your heart ceases not to listen to his heart; for without in friendship, all thoughts, all desires, all expectations are born and shared, with joy that is unacclaimed.

When you part from your friend, you grieve not; for that which you love most in him may be clearer in his absence.

And let your best be for your friend. For what is your friend that you should seek him with hours to kill? Seek him always with hours to live.

For it is his to fill your need, but not your emptiness. And in sweetness of friendship let there be laughter, and sharing of pleasures.

For in the dew of little things the heart finds its morning and is refreshed.

this school is like a pine cone. the school is the cone & we are all the seeds. We are born together and grow together and finally, the time comes when we leave and we fly in all directions, into the world outside where we plant ourselves.
